Marks in Class XII Board, 2014

Won Silver Medal in
International Chemistry
Olympiad (ICHO), in July 2014

An NTSE Scholar and
is a KVPY Fellow

I am Aniket Murhekar, a student of FIITJEE'S Four Year Integrated School Program. I had joined this program in class 9 with the long term aim of getting a good JEE rank and felt it would also help me in doing well in other competitive exams like NTSE, JSO, KVPY, Regional Mathematics Olympiads amongst others. FIITJEE'S mock interviews for the NTSE interview stage boosted my confidence and taught me to face the panel of judges.

FIITJEE'S training helped me cross the KVPY stage one.

I think it is my passion for mathematics and the guidance of my teachers that helped me clear the Regional Mathematics Olympiad since Ninth standard, and secure a rank of AIR 11 in the National Mathematics Talent Contest this year. I thank FIITJEE for guiding me.

Marks in CBSE Class XII Board
Is a KVPY Fellow

When I made my choice of opting for engineering as my career, I was looking for an institute that would help me in my JEE preparation and also give me ample time for self study.

Then I came across an advertisement about FTRE of FIITJEE which offers a school integrated program. After taking feedback from my seniors and looking at past results, I joined FIITJEE South Delhi - 2 Year PINNACLE in 2012.

The classroom environment at FIITJEE was highly competitive, and we were always encouraged to perform better. It helped me focus and work harder to get a good result. All the concepts were thoroughly taught by the FIITJEE - South Delhi Teachers, with clarity and full understanding. Teachers were always available for doubt clearing sessions and test analysis too. With their motivation and support I was able to clear RMO, NSEP, NSEA and KVPY.

Quizzes, CPTs and Phase Tests were the most important part of my preparation and helped me assess myself on a regular basis and judge my performance, at national level. After every test, test analysis sessions were held, which helped me analyze my mistakes and weak topics.

AIITS gave me a first hand experience of a real test scenario, and trained me so that I could do well on the real day. GMP & RTPF were the best books to read during the final month before my JEE as they helped me through a full revision of all the topics.

FIITJEE has always helped me reach my goals and targets. Thanks to all my teachers and all round support, that I have been successful.

I am Yathansh Kathuria, a part of FIITJEE Indore family from last 5 years. I joined FIITJEE in class VIII in UDAYA-1 year programme, then joined ASCENT-2 year programme and finally upgraded it to PINNACLE-2 year integrated school programme. My early start proved to be a boon as it gave me an edge over the competitions.

The classroom environment at FIITJEE-Indore was very healthy and competitive, and the dedication and hardwork the teachers put behind me greatly inspired me to perform better. The study materials, quizzes, CPPs, etc. helped a lot in my preparation. Also the final touchup given by FIITJEE in the form of review packages, GMPs, RTPs etc. proved out to be very vital to revise all the concepts at the last time. The AZTS programme and national level phase tests provided us with an all India level to evaluate ourselves and also provided us with enough practice to cope up with the stress of the final day.

My advice to all my juniors would be to start early as it provides you with an edge over the others in the longer run.

The sole credit of all my success goes only to my parents and FIITJEE. The faculty of FIITJEE guided me throughout my journey just like my parents and it was their constant support and inspiration which enabled me to achieve such a good rank in JEE-Advance.

An NTSE Scholar and
is a two time KVPY Fellow

Is also a JSTSE Scholar

Hello. I am Dhairya Sandhyana. I joined FIITJEE East Delhi Centre in class VIII for NTSE preparation. The high level of competition, continuous motivation by teachers along with the package, questions done in the class, tests and mock interviews conducted helped me clear NTSE.

Since I was very satisfied with the faculty and the institute, I decided to continue with FIITJEE. I joined ASCENT TWO YEAR PROGRAM which helped me get good ranks in many olympiads including NSO, IMO and NSEJS as well as built the base for my JEE preparation.

I then joined TWO YEAR CLASSROOM PROGRAM. The classroom environment was highly competitive and students were so hardworking that it encouraged me to work even harder. The teachers were so motivating and were ready to help me at any point of time. They were very good at explaining the concepts and the effective doubt clearing sessions helped me clear my concepts thoroughly. The AITS helped me know my rank at national level and the amount of hard work I needed to put in to achieve my goal. The GMPs and RTPs provided a wide range of questions for sufficient practice to help me in my revision during the last few months.

Having been a part of FIITJEE for past 5 years, it feels like a home to me. I thank FIITJEE whole-heartedly for the success I have achieved.

A total of 158 Students have qualified in **JSTSE, 2013-14** out of which

82 are FIITJEE Classroom Program Students from FIITJEE Delhi Centres

**Knowing very well that getting into the IITs
is just the first step,
our Students are ready for a
life full of Success & Excellence !**

Let's share a common story about 2 Students Jitender & Dungra Ram and many more like them who got into IITs with a rank among Toppers. This was made possible by following a rigorous training schedule & completely ignoring sports, relaxation, extracurricular activities and social interaction & development - akin to a situation where a person is being trained like a commando with a single purpose of getting a Top Rank in IIT-JEE. But what happened to them after getting into IITs ? Almost all such Students struggle to do well in their respective departments in IITs - showing signs of tiredness and burn-out phenomena in their lives. Most of such Students are languishing in their Career and are unable to handle their lives effectively.

Should Parents push their children like this for realising their own dream ?

Though an inspiring & beautiful one, getting into IITs is still only a first step towards a successful life. That is why FIITJEE Students are groomed & trained for Optimal Success not only in IIT-JEE but more importantly within the IITs and throughout their lives and career. Such Holistic development cannot happen by just making a Student go through a rigorous regime of rote learning and in the process also eliminating School, physical activity & other very important personality developmental opportunities from the Student's life. And that's where FIITJEE Students have an unmatched advantage. They go through a system that enables them to **master & make Physics, Chemistry & Mathematics an enjoyable part of their DNA, raise their IQ Level, build Focus & Confidence, handle Stress & Failures, lay emphasis on physical fitness and infuse Determination, Positive Attitude & Superior Time Management skills.**

Then

Now

Forever...

Where winning is a habit !
