# THE FIITJEE JOURNEY

FIITJEE was created in 1992 by the vision and toil of Mr. D. K. Goel, a Mechanical Engineering Graduate from IIT Delhi. We had a very humble beginning as a forum for IIT-JEE, with a vision to provide an ideal launch pad for serious JEE aspirants. Along the way to realization of this vision, we went beyond merely coaching for IIT-JEE. We actually started to make a difference in the way Students think and approach problems. We started to develop ways to enhance Students' IQ. We started to leave an indelible mark on the Students who have undergone FIITJEE training. We started changing lives. And all this was not a sheer coincidence. It was the urge, the compelling desire, to always aspire for perfection and in the process, continuously keep on setting newer benchmarks of excellence, which enabled us and our Students to achieve what we have achieved. Today, aiming for the unachievable and continuously raising the bar has become a part of the FIITJEE DNA.

The Success of our Students was inspiring and so was their faith in FIITJEE. It was this faith that was a catalyst for our venturing into areas beyond IIT-JEE. It was this faith that prompted us to embark on a mission to provide **Wholesome School Education** to Students through FIITJEE Integrated School Programs like **UDAYA Plus, SUPREME & PINNACLE**, in a way so that there was no need for any type of coaching outside of the School System. In addition to the launch of **FIITJEE Junior Colleges in Bangalore, Bhubaneswar, Hyderabad, Vijayawada & Visakhapatnam** many like-minded Schools across the Country joined hands with us in this Student centric endeavor to create **Ideal School Education** platform for Students to get admission in IITs & US Universities without stress & tension along with huge success in Olympiads, SAT-I & SAT-II. And it was this faith only that again enabled us to create landmark success in NTSE.

And it is this very faith that has again inspired us to provide a platform for Students aspiring for admission to US Universities in form of **USA UnivQuest** - a comprehensive program taking care of all aspects of the preparation – in the same old, trusted FIITJEE way. Launch of **FIITJEE World Schools at Hyderabad** was a concentrated effort in that direction, where Students are being trained for the best in the world through methodologies and practices that are truly world Class. Students in other select cities will also have an opportunity for preparing for admission to US Universities through USA UnivQuest School Integrated Programs to be run in collaboration with our Select Associate Schools.

“This Journey from just an IIT-JEE Coaching Institute, to the most powerful brand in serious education has been exhilarating. However, the Journey is not over yet. For us at FIITJEE, The Journey will never be over...

**For us, this Journey itself is the destination.”**

**D. K. Goel**

(Founder Chairman and Chief Mentor)

## Important Details

Our admission test papers have not been restricted to a certain syllabi to ensure that students are not able to enhance their performance significantly by working only for a few weeks / days. A student who has worked hard in a thoughtful manner with sustained motivation over the years will do better than others. With this we come to know one's real potential for Competitive Entrance Exams over others. Like IIT-JEE / Other prestigious competitive exams, our tests are low scoring. The technique to succeed is to improve your strike rate i.e. focusing on correct solutions rather than attempting all questions.

Students registering for Admission Test can download Free Sample Papers from our website.

Log on to [www.fiitjee.com/samplepapers.htm](http://www.fiitjee.com/samplepapers.htm) with your Registration Number and Web Access Code as printed on the Admission Test Hall Ticket. Please ensure that you enter your correct details on the website.

# INTEGRATED SCHOOL PROGRAMS

## (Not for Profit Initiative)

FIITJEE Integrated School Programs are a dream of FIITJEE team to bring renaissance in the Indian Education System and we try to move towards Ideal School Education. Being a private initiative at highly subsidised course fee, the seats for all integrated school programs are limited

Our Integrated School Programs have the capability to help Students of Class VII, VIII, IX, X, XI & XII to achieve - Overall Academic Excellence in Class X & XII Boards, State level science & scholarship tests, NTSE, JEE Advanced, JEE Main in a single system within regular school hours thus bringing in tremendous focus & reduction in undue stress.

### What is an Integrated School Program ?

- A study program with a synergistic approach to both the School / Board studies as well as JEE Advanced, JEE Main, Other Engineering Entrance Exams preparation.
- A program for School / Board studies as well as JEE Advanced, JEE Main & Other Engineering Entrance Exam Preparation - that will complement each other.
- A program that will prepare Students extremely well not only for JEE Advanced, JEE Main & Other Engineering Entrance Exams but also for School / Board exams as well.
- A study plan that will ease out the pressure of time (or the feeling for the lack of it) for the Student, unlocking lots of extra time, giving enough time for self studies, which a Student would not have got otherwise and also giving him sufficient time for co-curricular activities, self study, sports, social activities etc. which are equally important for his / her personality development.
- A program that eliminates the opposite pressure forces on the Student.

### Benefits to the Students

- Students enrolling in these programs will have an integrated study plan.
- The studies for both [School / Board as well as JEE Advanced, JEE Main](#) will be controlled and executed by FIITJEE.
- This would mean that the Student would not be going through two [separate schedules and Classes for the same subject](#).
- Complete Lab and other support will be provided to the Students.
- [Integrated School Programs would provide thrust for the Students to participate in co-curricular activities, sports, social activities etc which are very important for their personality development.](#)

### FIITJEE & the Associate School will also aim for :

1. Developing Proficient & Confident Communication ability in each & every Student.
2. Inculcating Sports / Exercises as a discipline for Physical Fitness throughout the life in each Student.
3. Improvement of Memory & IQ, Mental, Physical & Spiritual well being, Awareness & growth with intensive Yoga & Meditation for each Student.
4. Instilling Indian Culture & Values in each Student, not to learn these as History & Geography but learn to base their lives on it.
5. Developing personality traits ([Focus, Effective Communication, Leadership Ability, Determination, Strategic Planning, Pro-active Approach, Handling Failures, Stress, etc.](#)) & [Positive Attitude required for success](#). (This is what corporate sector tries to teach employees who are 25 - 55+ years of age and hardly respond to changes required).

Parents whose Children are studying in Class 6, 7 & 8, generally feel that at this stage, if their Child joins a FIITJEE Program along with their School then it would create Extra Academic Burden on their child, which may adversely affect his / her school performance.

At FIITJEE, we have gone to great lengths in designing our Programs both Meticulously & Strategically. They ensure that while Student is attending classes at FIITJEE, he / she is getting comprehensively prepared in a manner which exponentially increases his / her chances of excelling in both academics at school & all future Competitive / Scholastic Exams.

For Students of Class 10 :

*for JEE Advanced, 2019*

For Students of Class 9 & 10, who have also decided upon their dream of becoming a successful engineer; it is an important stage in their academic career where they must join a Coaching Institute and begin their preparation for IIT-JEE from now itself.

With the passage of time, the selection process & the competition level in IIT-JEE among students have become tougher, so to achieve a greater Success with a Good Rank in IIT-JEE, all Students must start their preparation ideally from Class 9th and most definitely from Class 10th itself. Only then will they be able to outperform those students who will start their preparation at a later stage.

This journey will be four / three years long and along the way there will be other few important milestones to achieve as well, like NTSE, Jr. & Sr. Olympiads, KVPY etc. Hence, it becomes very important for all Students, aiming for a Top rank in IIT-JEE, to start preparing at this very stage.

To give lifelong Success to Students of 9 & 10, who are aspiring for a Top Rank in JEE 2020 and JEE 2019 respectively, we have the above mentioned path-breaking Classroom / Integrated School Programs, to help them achieve their desired results.

# CLASSROOM / INTEGRATED SCHOOL PROGRAM

## For Students of Class 9

**IITs** have restricted the number of attempts for JEE Advanced. Students just have two chances – one right after the XII Board exams and the second immediately in the next year. They should try to succeed in JEE Advanced in the first attempt itself and not take unnecessary pressure as uncertainty of ill-health or any accidents while appearing for the second & last attempt could be too risky. Till the eighties, it was alright if you started your preparation just after XI and at the beginning of XII, but even then to get Top Ranks you had to begin your preparation at the commencement of XI itself. In late nineties, it became a norm to start preparation at the beginning of Class XI and devote at least two years to train rigorously for JEE Advanced.

Now, with the increase in competition and keeping in mind that only two chances are available, only the very talented Students can succeed by starting their JEE Advanced training in Class XI. But, if you do not have an inborn spark that can put you amongst Top performing Students in JEE Advanced, you have no other choice but to start as early as Class IX to achieve the desired success.

FIITJEE is an institute which not only preaches high standard of ethics and value systems but also follows the principles in letter & spirit. Therefore, we always tender honest & correct advice to every Student & his / her Parents. When Students fail to get a Rank in JEE Advanced or more precisely fail to get a rank in JEE Advanced which can give them a branch of their choice in an IIT, they fervently start hoping that they get a good rank in final JEE Main merit list (prepared on the basis of JEE Main Marks as well as XII Board marks).

Best way to prepare for a career in Engineering is a holistic preparation in JEE Advanced & JEE Main, XII Board Exam and Other Engineering Entrance Exams in a synchronized manner. Some Students however need to focus only on JEE Main, XII Board Exam and Other Engineering Entrance Exams for best and optimum career options.

# CLASSROOM PROGRAM

## For Students of Class 10

### THREE YEAR CLASSROOM PROGRAM

*for JEE Advanced, 2019*

This Program also helps the Student to excel in NTSE, KVPY, International Olympiads, X & XII Boards.

IITs have restricted the no. of attempts for JEE Advanced. Students now just have two chances – one right after the XII board exams and the second immediately in the next year. They should try to succeed in JEE Advanced in the first attempt itself and not take unnecessary pressure as uncertainty of ill-health or any accidents while appearing for the second & last attempt could be too risky.

Best way is to start your JEE preparation from the beginning of Class IX, but if you have not been able to do so, it is prudent to start your preparation at the earliest. Three Year Classroom Program for JEE Advanced, 2019 for Students who are presently in Class X is the next best alternative.

The goal of the program will be to help you score high marks in X & XII Boards and a good Rank in JEE Main & JEE Advanced. The program will also prepare you for NTSE and Other Engineering / Scholastic Competitive Examinations.

Physics, Chemistry, Mathematics, Biology, Social Studies & Mental Ability will be covered for NTSE level while focus for JEE Advanced continues. Classroom contact hours of approx 941 hrs. i.e. (279 in class X, 384 in class XI & 278 in class XII). 1. Rs. 10,000 less 50% scholarship = Rs. 5,000/-
2. Rs. 5,000 less 25% (Physical Disability Waiver) = Rs. 3,750/-
3. Rs. 3,750 less 10% (Sibling concession)= Rs. 3,375/-

The level of difficulty in the tests is changed strategically to prepare Students for all types of papers - from very difficult to relatively easy ones. It has been observed that JEE papers have been coming up with different kind of content in one or the other subject in terms of level of difficulty & style of the paper. FIITJEE test series (with test analysis) will ensure you do not suffer any setbacks due to these fluctuating trends. - Sealed packets of solutions with guidelines to check the answer sheets yourself in a neutral way, thus giving a precise idea about what the examiner expects in your answer (there can sometimes be a marked difference in what the examiner expects and what you write, leading to lowering of scores !).

### RTPF is designed

- To give you several chances to appear in simulated JEE like environment.
- To help you develop sound examination temperament.
- To help you become acquainted with problems of JEE level to prepare one for all types of patterns and levels of difficulty to face JEE in all eventualities.
- To let you know about your shortcomings so that you can consolidate on JEE preparation through these tests.

The question papers of RTPF are different from Test Series question papers. Test Series Students can opt for this package for very useful additional practice.

### Our Main Aim

**Holistic Success for Students by enabling them to comprehensively compete in all Scholastic / Competitive exams relevant for that Class.**

- To facilitate Student's success in various Competitive & Scholastic Exams in India e.g. NTSE / National Science Olympiads / JEE Advanced / JEE Main / KVPY / CPT / CAT / JIPMER / AIPMT etc. to secure admission in Top & Prestigious Colleges / Universities in India.
- Students will be prepared extensively for SAT, SAT Subject Tests, Advanced Placement Tests (US College Board) and TOEFL for admission into colleges / institutes / universities ahead of IITs in the World Rankings.

### Ideal School Education

...is one where you do not have to make choices. Choices between performance in Boards and Competitive Exams. Choices between academics and extracurricular activities. Choices between learning and rote learning. And most importantly choices between enjoying education and not being stressed by it.

Ideal School Education is one with a holistic approach that is comprehensive, so that there is no need for any sort of coaching / tuitions / supplementary support services outside the school education. Where the goal is not just securing good marks in the Board exams but also not neglecting other areas like competitive exam preparation etc. while pursuing this goal. And where the child is able to deliver his / her best in both – boards as well as competitions – that too by having to go through a single system of learning. Where the extracurricular activities are in consonance with the overall objective of wholesome education – preparing Students for global careers as well as enabling them to conduct their lives in a much desired, honest, ethical and truthful manner.

### Enhancing IQ and Raising Competition

#### Internal Competition and Appraisal Programme (ICAP)

Our weekly objective test (based on micro-scheduled teaching during that week) helps children in continual learning and grading where the child is not burdened just before the exam to learn many things.

Thus a Student in FIITJEE World School is NEVER unhappy or tensed about any exam as learning is a constant UPGRADING, ENRICHING, and ENTHRALLING experience.

#### Individual Assessment and Development Programme (IADP)

This is our month end exam which is based on the month long learning of the child in different subjects. This is a Subjective Paper designed to hone the writing skills of the child.

#### Visual and Performing Arts as a medium of Relaxation

Arts of different mediums in our Schools (Painting, Music, Dance) is for relaxation so that they improve Student's classroom performance. They are forms of giving an output to their parallel medium of communication.

*Games like Spell-O and Chess are introduced to keep their concentration sharp*

*On an everyday basis we have Yoga and Meditation classes which helps children to relax and concentrate better in their classes*

#### Inter-House Competitions

The Schools are divided into four houses wherein at regular intervals competitions like Debates, Declamation, Quiz, Dancing, Singing, Theatre, Bulletin Board etc. are being conducted.

### Extra Curricular

#### Creating Global Indian Citizens

Recognizing the fact that Schools need to play a proactive role in nurturing and developing personalities and preparing the Students as global citizens with a strong grounding in Indian Value system, FIITJEE World Schools aim for:

1. Developing Proficient & Confident Communication ability in each & every Student.
2. Inculcating Sports / Exercises as a discipline for Physical Fitness throughout the life in each Student.
3. Improvement of Memory & IQ, Mental, Physical & Spiritual well being, Awareness & growth with intensive Yoga & Meditation for each Student.
4. Instilling Indian Culture & Values in each Student, not to learn these as History & Geography but learn to base their lives on it.
5. Developing personality traits (Focus, Effective Communication, Leadership Ability, Determination, Strategic Planning, Pro-active Approach, Handling Failures, Stress, etc.) & Positive Attitude required for success. (This is what corporate sector tries to teach employees who are 25 - 55+ years of age and hardly respond to changes required).

### Individual Development Program (IDP)

- In FIITJEE World Schools, irrespective of IQ levels of the children, best learning environment is provided for nurturing their inherent talents and honing their skills.
- Recognizing the major anomalies in the current education system, FIITJEE World School has come up with a unique Individual Development Program (IDP).
- IDP through an ongoing Mentorship endeavours to provide equal opportunities to every single Student.
- The Mentorship is individualized and its sole objective is to identify, develop and enhance the inherent talent / skills in every single Student.
- Not restricted to the academic aspects only, IDP ensures the development of the core soft / life skills of the Students.

### Residential Facilities

Hostel facilities that promote a sense of well-being among children in a conducive environment to nourish them and enable them to blossom into ideal human beings.

### 5 Key Features of FWS-Target 200 Program

- A unique academic program that offers the best of Indian & US curriculum. The students are enrolled to study for Indian Board Examinations. The US curriculum is ensured through the Advanced Placement Tests. This would enable a student to apply to both Indian and foreign universities. Currently, students from International Boards like IB, IGCSE, etc. find it difficult to gain admission in Indian universities.
- Emphasis is on overall personality development of the child. Students will be trained in English communication and debating. Students will also be encouraged to participate in other activities, designed to develop a spirit of competition and team building.
- Compulsory teaching of an International Foreign Language. Knowledge of a foreign language builds cultural sensitivity apart from providing a crucial advantage for those seeking to work in MNC's.
- Special Programs like "Mentor Directed Study Program", "Senior Independent Research Program" & "Summer Programs Abroad". These programs encourage students to think independently and develop academic rigor in their subject of interest.
- Special preparation for application and entry into Top 200 Universities of the World. This includes preparation for SAT, SAT Subject and Advanced Placement.

### Who should apply for FWS-Target 200 Program ?

- Students with a dream to be World Leaders in business or society.
- Students desirous of developing superior reasoning and analytical skills.
